The ElevaFinca sustainability package:

By selecting the ElevaFinca sustainability package, you become partner of a large-scale sustainable value-chain project and contribute to increasing its impacts:

- Giving the partner cooperatives and their producers better income and livelihood,
- Improving coffee quality via training and investments in wet processing, drying equipment and quality-control capacities,
- Gaining recognition for social and environmental impacts derived from the producers' field activities such as local economic spinoffs, tree plantation, water and biodiversity conservation, etc.

Benefits to Coffee buyers:

- Independent quality control and assurance of product compliance to contract specifications,
- Communication of sustainability impacts along your coffee value-chain (sustainability reports by container),
- Single communication stream for diversified direct-from-producer sourcing and origins.

Add-ons:

- Carbon offsetting - Compensation of international transportation carbon emissions (port to port) included,
- Access to ECOTIERRA's proprietary Minka™ monitoring tool (In beta testing)
 1. Registration and reports of member organizations' data (under implementation).
 2. Product traceability (module in development).
- Access to the Café Selva Norte Project future coffee mill in Jaen, Peru for quality control and traceability

A dedicated team:

- Experienced multilingual (Spanish, English, French) support team with multiple marketing skills,
- Promotional support to reinforce your market differentiation (Origin trip support, marketing material and content development, sustainability project data, etc.),
- Located at origins.
